Company Overview

MSAL NIG LTD is a Nigerian corporate enterprise incorporated as a Private Company Limited by Shares, focused on general contracts, procurement, trading, supply, ICT solutions, business technology, agriculture and agro-allied services, logistics, building materials supply, project execution, and other lawful business activities.

The company is positioned to support individuals, SMEs, institutions, suppliers, contractors, and organizations with reliable, practical, and value-driven services. Through local market understanding, disciplined service delivery, and a forward-thinking business approach, MSAL NIG LTD is committed to connecting local opportunities with professional execution and long-term value creation.

MSAL NIG LTD was incorporated on 22 July 2025 with Company Registration Number 8623499.

Our Business Scope

MSAL NIG LTD is incorporated with broad business objects that enable the company to operate across general contracts, procurement, trading, supply, import and export, agriculture and agro-allied services, ICT and telecommunication solutions, logistics, building materials, oil and gas support services, natural resources, hospitality, retail operations, and other lawful business activities.

This broad scope allows the company to support clients and partners across multiple sectors while maintaining a corporate-first identity, professional documentation, ethical business conduct, and compliance with applicable regulatory requirements.

Compliance Note: Some regulated activities such as oil and gas operations, mining, certain telecommunication services, and other specialized sectors may require additional permits, licenses, or regulatory approvals. MSAL NIG LTD will pursue such activities in line with applicable Nigerian laws and regulatory requirements.

Vision and Mission

Vision

To become a trusted Nigerian corporate enterprise recognized for reliable service delivery, innovative business solutions, and globally competitive execution across general contracts, trading, supply, ICT, agriculture, logistics, and project development.

Mission

To deliver dependable contract, procurement, trading, ICT, agro-allied, logistics, and project execution services that empower clients, strengthen operations, and create sustainable value across Nigeria and beyond.

Core Values

Integrity

We conduct business with honesty, transparency, accountability, and respect for every stakeholder.

Reliability

We are committed to dependable communication, consistent service delivery, and responsible execution.

Innovation

We apply practical ideas, digital tools, and modern business thinking to solve real market challenges.

Excellence

We pursue high standards in service quality, client experience, documentation, and project delivery.

Partnership

We build long-term relationships with clients, suppliers, institutions, and business partners.

Growth

We support continuous improvement, enterprise development, and sustainable business expansion.
